EXPLAINED

Prices

- **£20 per track** (standard mastering for digital distribution)
- **£5 per track for each additional version** (e.g., Vinyl, Instrumental, etc.)
- **£10 for sequencing** (track order arrangement)
- **£10 for DDP file creation** (for CD replication)

Worked Example

For a 10-track album, mastering for both Digital and Vinyl, with sequencing and DDP file creation, the total price would be:

- £20 per track x 10 tracks = £200
- £5 per track for additional versions x 10 tracks = £50
- £10 for sequencing
- £10 for DDP file creation

Total for the 10-track album = £270

Next Steps

If you're happy to proceed based on the prices above, please use the link supplied to upload your tracks to WeTransfer. Please ensure the tracks have been checked and prepared as per the notes supplied.
